

# Photovoltaic support roof connector

## Overview

---

What types of roof mounting systems are suitable for IBC Solar?

IBC SOLAR photovoltaic mounting systems are suitable for pitched roof and flat roof installation. For the respective roof covering such as tile, trapezoidal sheet metal, corrugated eternite, bitumen, foils, green roof or gravel, we offer perfectly matched fixings that guarantee extreme stability.

Can a solar panel be mounted on a vehicle roof?

Brackets for mounting solar panels to a vehicle roof, or on a boat deck. The ABS solar panel mounting brackets can be used with any aluminium framed solar panel to provide a secure fixing for vehicles, caravans or boats without drilling any holes through the roof.

What types of solar panel mounting systems are available?

The manufacturers we provide are designed to offer reliable solar panel mounting structures for residential, commercial, and utility-scale projects. There are solutions available for flat roofs, pitched roofs, ground mounted and roof flashings. Solar mounting systems provide the structural support needed to sustain solar panels.

How do you attach a solar panel to a roof?

Brackets are screwed or bolted to the solar module using suitable stainless steel self-tapping screws and then bonded to the roof surface using Sikaflex 521 UV adhesive. (Screws, bolts & adhesive not included) Solar panels may be mounted on a pole, a ground support, a wall of a building, a building or vehicle roof, or on a boat deck.

What are fastensol solar panel fixings & solar panel mounting rails?

Our range of Fastensol offers premium Solar Panel Fixings & Solar Panel Mounting Rails, a cutting-edge solution for efficient solar installations. These high-quality components ensure secure panel attachment and easy alignment,

maximising energy output.

Does IBC Solar offer on-roof mounting?

IBC SOLAR offers on-roof mounting for uncomplicated photovoltaic installation. It is not only cost-effective, but is also equally suitable for new roofs as well as for existing and renovated roofs. IBC SOLAR photovoltaic mounting systems are suitable for pitched roof and flat roof installation.
