

Please wash the photovoltaic panels before use

Overview

Do solar panels need cleaning?

There are some instances where solar panels might need cleaning, but most of the evidence says solar panels are self-sufficient and low-maintenance. We'll get to the best way to clean your solar panels in a minute.

How do you clean solar panels?

The best way to clean solar panels is to use a soft-bristled brush or squeegee specifically designed for solar panels, along with a mild soap or specialized cleaning solution. Avoid abrasive materials, excessive pressure, and cleaning during the hottest part of the day. Rinse thoroughly and dry the panels to prevent water spots.

Should you hire a professional solar panel cleaning service?

If your solar panels need a thorough clean and you know you won't be able to get it done from the ground, then bring in the pros. Professional solar panel cleaning services have the training, kit and insurance to clean your panels to a high standard in an hour or two.

Should you use a soap-free solar panel cleaning brush?

Soap-free solar panel cleaning brushes If using soap seems like too much of a hassle and you're worried about a residue being left on the panels, a specialized solar panel cleaning brush may be the option for you. Wash your panels the same way you would with a cleaning solution without having to worry about rinsing the panels off.

When should I clean my solar panels?

Optimal timing: Clean your solar panels in the early morning or late afternoon when they are cooler. This prevents water from evaporating too quickly, which can leave streaks or residue and affect efficiency. Cooler panels are also safer to clean. Check warranty: Review your solar panel manufacturer's warranty

guidelines before cleaning.

Is it safe to clean solar panels from the ground?

Yes, and it's much safer than attempting to climb a ladder. Here's a step-by-step guide to cleaning your solar panels from the ground: 1. Switch off the entire solar PV system. Your solar PV system manual will tell you how to do this. 2.
