Can I export a stakeholder Power Interest grid?

You can export it as a PDF for high-quality printouts. Editable stakeholder power interest grid to categorize stakeholders. Use Creately to quickly determine project stakeholders who have high or low power to affect your project, and who have high or low interest with power interest grid templates.

How do you plot stakeholders on a power/Interest grid?

When you plot your stakeholders on a power/interest grid, you can determine who has high or low power to affect your project, and who has high or low interest. People with high power need to be kept satisfied, while people with high interest need to be kept informed. When a stakeholder has both, make sure you manage her expectations very closely!.

Why do we need a power-Interest grid?

Some of them may have the power either to block or advance. Some may be interested in what you are doing, others may not care. This is where the Power-Interest grid comes in handy in segregating/prioritizing the stakeholders. Doing this helps in identifying stakeholders based on their power and interest in the project.

What is a stakeholder Rainbow diagram?

Like some of the other stakeholder mapping templates shared here, the Stakeholder Rainbow Diagram allows you to plot the location of stakeholders on a graph to visualize their characteristics in relation to one another. This type of stakeholder map shows the degree to which you expect stakeholders to affect your project or be affected by it.
