Overview

The Power Games Super Entertainment System (also known simply as Power Games, and Powerzone) is a wireless Famiclone console that is sold in North America by an unknown company. Possibly the same people who created the Power Player Super Entertainment System, due to its similar name, and box.

The console itself strangely resembles a Penguin with a Bow-tie. On the back of the console, there is a cartridge slot for Famicom Games. When turned on, its eyes glow.

There are 111 in 1 games built in the console. In some cases, a 111 in 1 multi-cart is included with the console. So far there are 3 known versions of the built in games the.
