

Powersource 1800 solar power generator

Overview

How do I use the powersource 1800?

1. Plug the power cord directly into a wall outlet (not into a surge protector or power strip). 2. Connect your electronic devices or small household appliances to the five AC outlets of the PowerSource 1800. 3. Turn on the unit by pressing the Power button for at least half a second.

Who is PowerSource 1800?

PowerSource 1800 Owner's Guide About Xantrex Xantrex Technology Inc. is a world-leading supplier of advanced power electronics and controls with products ranging from small mobile units to utility- scale systems for wind, solar, batteries, fuel cells, microturbines, and backup power applications in both grid-connected and stand-alone systems.

What is a PowerSource & how does it work?

The PowerSource is ideal for critical devices that require uninterrupted power because it can instantly transition from AC wall power to its internal battery power in the event of a power outage. The PowerSource features 4 AC outlets, 2 USB ports and a 12V DC port for vehicle accessories.

How do I recharge my PowerSource 1800 battery?

Turn on the unit by pressing the Power button for at least half a second. The green AC Power LED confirms that the PowerSource 1800 is on and ready to provide backup power. When the battery needs recharging, the LED screen flashes "CHG" 10 times, then the battery capacity (%) once.

Is PowerSource 1800 safe?

PowerSource 1800 generates the same potentially lethal AC power as a normal household wall outlet. Do not insert foreign objects into the AC Outlet or the ventilation holes. Do not expose this product to water, rain, snow, or spray. Do not use PowerSource 1800 in connection with life support systems

or other medical equipment or devices.

Duracell PowerSource 660 Gasless Portable Power Station Review

To be 100% fair, the PowerSource 660 is only \$699 which means regardless of what you get for that price, it's a cheap price in the world of solar generators and power stations. The Titan is \$2,995 which is much higher than the PowerSource 660.
