Overview

What is a ram ® phone holder?

Whether you're in a car, on a kayak, or in an airplane, RAM ® phone mounts and phone holders are built to the highest standards for use in the most rugged environments. From form-fitting cellphone holders to the popular spring-loaded RAM ® X-Grip ® phone holder, depend on RAM ® Mounts to keep your device secure and accessible.

What is a ram X-grip ® cell phone holder?

Available for phones of all sizes, the spring-loaded RAM ® X-Grip ® cell phone holder expands and contracts to provide a perfect fit. Compatible with a wide variety of RAM ® mounting bases, the RAM ® X-Grip ® is made of high-strength composite and stainless steel and keeps your cell phone completely functional and accessible.

Is a ram phone holder worth it?

RAM products aren't cheap, but they're a far better investment than buying a whole bunch of cheaper alternatives that just end up in the bin. I've used the XL phone holder to secure my Ulefone Armor (a big, heavy rugged phone) to the handlebars of an adventure bike, and it remained rock steady over any terrain.

What is a ram ® quick grip TM cellphone holder?

Made using high-strength composites, the RAM ® Quick-Grip ™ cellphone holder will keep your phone secure in the most rugged environments. The portable RAM ® Seat-Mate ™ transforms any passenger seat into a temporary workstation. Simply unfold the legs and buckle it in place.

What is a motorcycle phone holder?

This phone holder is the ideal motorcycle phone mount including adjustable side arms and spring-loaded hooks that expand and contract tightly around

your phone to provide the ultimate security whether it's in portrait mode or landscape.
