Common Flexsteel Recliner Problems & Their Solutions

All Flexsteel chairs and sofas are built with the company's proprietary Flexsteel technology, which uses all-riveted, high-carbon banded steel for unparalleled durability and comfort. Besides, the company's original blue steel spring is constantly updated to reflect current furniture construction advances.

[Do Power Recliners Have Battery Backup?](#)

One of the primary advantages of having a battery backup in a power recliner is the ability to enjoy uninterrupted comfort, even during unexpected power outages. When the main power supply is disrupted, the battery backup system seamlessly takes over, allowing you to adjust the recliner's position as desired.
