

Ring spotlight camera battery solar panel

Overview

Does the ring spotlight CAM Pro have solar power?

You can opt to receive the Ring Spotlight Cam Pro with one of four power sources, not just solar – including battery powered, wired and plug-in – giving you more freedom to choose the best fit for your household.

How much does a ring spotlight camera cost?

The Ring Spotlight Cam Pro Solar is available from Ring for \$249.99 / £249.98 / AU\$418 and is available directly from both Amazon and the Ring website. The best comparison is to the Ring Spotlight Cam Plus Solar, which will save you \$80 / £50 / AU\$99 when it's not in the sale.

Is ring spotlight a good camera?

The Ring Spotlight Cam Pro Solar is powered by solar energy, even on consecutive cloudy days. The footage is also super crisp, and the audio is clear. The price is already at the top end of the range, though, and you will need a decent Wi-Fi signal to use it.

Why is the ring spotlight camera pro so bulky?

Comparatively, the solar panel is bulky. This is a case of function-over-style, though, because the panel needs to be broad and flat enough in order to capture enough daylight to keep the Ring Spotlight Cam Pro fully charged. It needs to be positioned in direct sunlight for at least a couple of hours.

Does spotlight Cam Plus have a solar panel?

Easily mount Spotlight Cam Plus and the solar panel, adjust the viewing angle, and consider the area covered. The solar panel keeps the included Quick Release Battery Pack charged for non-stop power and protection. 5 is the maximum quantity allowed per order for this product. This product is currently unavailable.

How do I set up Spotlight Cam solar?

Open the app, and go to “devices” and select “add device”- This is the important part. You need to select Spotlight cam SOLAR from the list, so that it installs the correct firmware during setup. After you scan the QR code go ahead and close the battery compartment. Complete the set up process.
