

Seagate backup plus hub power supply

Overview

Does Seagate's Backup Plus hub have a USB port?

On the back of the enclosure are the AC adapter jack and a Micro-B USB port. A Type-A to Micro-B cable is included. Seagate's Backup Plus Hub has a power jack and female USB Micro-B connector gracing its backside. It wouldn't be a Backup Plus if it didn't include Seagate's own Toolkit utility/backup software.

Is Seagate Backup Plus a backup plus?

Seagate's Backup Plus Hub has a power jack and female USB Micro-B connector gracing its backside. It wouldn't be a Backup Plus if it didn't include Seagate's own Toolkit utility/backup software. Toolkit is attractive and competent, supports pure backup and folder syncing, and works on both PC and macOS.

Does Seagate Backup Plus hub have a warranty?

The warranty on the Backup Plus Hub is a good two years. That's better than the warranty for some of Seagate's cheaper external hard drives, which are warrantied for only a single year. Others are three years. If you don't need the USB ports, you can get 16TB for the same \$330 that the top Backup Plus Hub sports, with Seagate's Expansion series.

Is the Seagate Backup Plus hub a good terabyte drive?

It's the only route to double-digit terabytes at an affordable price point. The Seagate Backup Plus Hub delivers a big bang for buck. Performance is very good for a USB hard drive, and you'd be hard put to find this kind of capacity elsewhere.

How much does a Seagate Backup hub cost?

Seagate's Backup Plus Hub comes in flavors from 4TB to 14TB. The 8TB version I tested is currently about \$217 on Amazon. By comparison, portable 2.5-inch hard drives, while equally affordable, are currently limited to 5TB.

Portable SSDs max out at 8TB, but only if you're willing to shell out a cool \$2000. Ouch!.

Do Seagate products require external power supplies?

This article provides a list of power adapter specifications for most Seagate products that require external power supplies. Please use these specifications when replacing your adapter to ensure compatibility. *Data Deals effective for 24 hours only (Tuesdays 5:00 AM to Wednesdays 4:59 AM Pacific & Thursdays 5:00 AM to Friday 4:59 AM Pacific).
