

Shipping nintendo switch lithium ion battery

Overview

Do you ship lithium batteries internationally?

Shipping lithium batteries internationally can be a complicated process, but don't worry — FedEx is here to help. Are you shipping Lithium Batteries?

While lithium batteries are often found in items we use every day, such as mobile phones and calculators, they can cause fire hazards on the ground and in-flight if improperly handled.

Can I ship a lithium battery cross-border?

There are regulations attached to the cross-border shipping of batteries to ensure they travel safely. These regulations vary depending on the type of batteries. Lithium batteries, for example, are classified as Dangerous Goods, so not all types of lithium batteries are accepted by DHL Express which you can check here.

Can I get expedited shipping for a lithium battery?

Orders containing a standalone lithium battery cannot be sent via expedited shipping. If you live in an area that cannot receive lithium batteries, the following options are available to you: If your Nintendo product isn't working, it may need to be repaired. If possible, use an alternate address that is not included in the carrier restrictions.

What are the shipping restrictions for standalone lithium batteries?

Due to industry-wide shipping regulations, the following restrictions apply to orders containing standalone lithium batteries: Limit of two individual lithium batteries per order. Orders containing a standalone lithium battery cannot be sent via 2 Day or Overnight shipping.

Can I ship a lithium battery to Hawaii?

Orders containing a standalone lithium battery cannot be sent via 2 Day or

Overnight shipping. Orders containing a standalone lithium battery cannot be shipped to Hawaii, Alaska, U.S. Territories, or FPO/APO/DPO addresses because Standard (Ground) service is not available to these locations. Limit of one individual lithium battery per order.

Are lithium batteries accepted by DHL Express?

Lithium batteries, for example, are classified as Dangerous Goods, so not all types of lithium batteries are accepted by DHL Express which you can check [here](#). Due to their hazardous nature, parcels containing batteries must be packaged carefully to avoid damage during transit. Our advice varies depending on the type of battery you are sending.
