

Snapper 60v lithium battery

INTEGRATED DESIGN

EASY TO TRANSPORT AND INSTALL,
FLEXIBLE DEPLOYMENT

Overview

What kind of battery does a snapper use?

All of these outdoor power tools use the Snapper 60-volt lithium-ion battery platform. Besides the reliable power and less maintenance that the battery system offers, each battery pack has indicator lights that tell you how much charge is remaining.

Does snapper st60v come with a battery?

The Snapper ST60V 60V lithium-ion string trimmer comes with a 2 Ah battery pack. It's ergonomically designed to weigh less at the back end, putting the brushless motor up front. The variable speed trigger lets you vary the cut, but there doesn't seem to be a Hi or Low mode or reverse direction control.

Where can I buy snapper® 60V lithium ion-powered products?

To buy Snapper® 60V lithium ion-powered products, please find a dealer below based on your state:.

What is a snapper 60V cordless mower?

In either case, the Snapper 60V cordless outdoor power equipment tools cover the basics, and this serves as a great (and welcome) start for the Snapper brand. The Snapper SP60V cordless mower comes with a 21-inch steel deck. A single lever height adjustment feature makes this mower easy to use, and you get 7 different cutting heights.

Is Snapper 60 volt or 82 volt?

Snapper has two lines – a 60 volt and 82-volt system. The price is surprisingly competitive! Snapper 60 volt Outdoor Tools at Amazon. The 82-volt system is the newest model. Snapper 82 volt Outdoor Tools. at Amazon. **RECOMMENDED!** Remember it's the battery's Watt-hour rating that matters, not the voltage.

Is Snapper st60v a good string trimmer?

So far we are liking the Snapper ST60V 60V String Trimmer. The 60V of power is nice and powerful. This one is not as loud as other ones we have owned in the past which is a plus. Our previous one was a 20V and took 8 hours to charge but this one being a 60v only takes 2 hours.huge difference!
