Product Model
HJ-ESS-215A(100KW/215KWh)
HJ-ESS-115A(50KW 115KWh)

Dimensions
1600*1280*2200mm
1600*1200*2000mm

Rated Battery Capacity
215KWH/115KWH

Battery Cooling Method
Air Cooled/Liquid Cooled

ENERGY STORAGE SYSTEM

Overview

Who is Sol energy?

We consider ourselves a team of problem solvers, able to overcome the simplest to the most complex of challenges with outcomes that make economic and environmental sense. At Sol Energy, we commit to inspiring sustainable change. This is first and foremost a commitment to respecting human rights.

Is Sol energy a good solar company?

We would highly recommend Sol Energy to anyone considering solar. We strongly recommend Sol Energy. We installed a 7 kWh battery. The inverter had some issues and the company was there the whole time monitoring our system and checking possible issues. They decided to replace it and now everything works perfectly. Great team and very professional.

What services does Sol energy offer?

Sol Energy offers concept design, feasibility studies, energy audits, efficiency upgrades, demand management and renewable energy installations, plus more. Sol Energy's team of experienced professionals provide a holistic approach to energy and sustainability requirements.

Who owns Soly solar energy?

Soly was founded in 2013 by brothers Patrick and Milan van der Meulen with the mission to make solar energy available to everyone. Since its inception, the company has become one of the leaders in the European solar energy market. In 2022, Shell Ventures and pension fund ABP took a minority stake in the company.

What makes Sol energy a sustainable company?

At Sol Energy, we commit to inspiring sustainable change. This is first and foremost a commitment to respecting human rights. We take pride in looking

out for our team and ensuring our supply chain is maintaining those same values from end-to-end.
