

Solar Panel EL Job Annual Summary

Overview

What is the EU solar jobs report?

The EU Solar Jobs Report, built and modelled in-house, is published annually to analyse the development of direct and indirect employment in a sector producing and installing the technology that is set to be Europe's leading power generation source.

How many people are employed in solar PV in 2022?

According to estimates by the China Renewable Energy Society (CRES, 2023), the country employed 2.76 million people in solar PV in 2022, about 80 000 more jobs than in 2021. The employment impacts of growing manufacturing and deployment are somewhat counterbalanced by rising automation, which diminishes the industry's labour needs.

How many solar jobs are there in 2022?

Includes 201 400 jobs in grid-connected solar photovoltaic (PV) and 80 600 in off-grid solar PV. m. Solar PV, wind and hydropower jobs are for 2022. Jobs for other technologies are for 2021. renewable energy employment grew from 5.37 million in 2021 to 5.55 million in 2022.

How many solar jobs will Europe have by 2023?

SolarPower Europe's latest EU Solar Jobs Report 2023 reveals that the solar workforce grew by 39% to 648,000 by the end of 2022, from 466,000 workers in 2021. While previous estimates expected 1 million jobs by 2030, it now looks likely that sustained solar growth will deliver 1 million jobs already by 2025.

How many solar workers are in the EU?

From 2021 to 2022, the EU's solar workforce grew by almost 200,000 people, reflecting the solar market's own growth. Hitting 648,000 workers in 2022, the sector is set to reach 800,000 workers in 2023, and 1.2 million by 2027 in

SolarPower Europe's most-likely scenario for EU solar market growth.*.

How many solar jobs are there in Germany in 2022?

(SolarPower Europe, 2022) estimated Germany's direct and indirect employment in 2021 at about 86 900 FTEs. Bundesverband Solarwirtschaft (BSW, 2023) provides a figure of 55 000 direct jobs in 2023, reflecting growing installation activity. IRENA's estimates suggest that the industry supported close to 94 000 jobs in 2022.
