Camping With Solar Energy

Earlier on this year I began looking into renewable energy and found some 80 Watt Semi Flexible Solar Panels from Lensun that seemed to fit the bill, they were only 3mm thick and fitted on the flat area of the vans roof the power rating was enough in theory to allow us to stay on a site or Aire without a hook up for as long as we wanted, so without delay I ordered one at £268 (\$435) ...
