Power Plus for the Best prices on the island, Quality Structure and Full Power from the Pv system. Simply recommend them any time. Mal Power Plus jaqbilek I installed my solar panels today and I am extremely happy with the quality. They have the best prices and quality in Malta.

Why should you choose SunPower solar panels in Malta?

SunPower solar panels in Malta are the best in Malta and the world. They can help you reduce your electricity bills and carbon footprint while providing a sustainable lifestyle for years to come.

Is solar power the future of Malta's energy?

Renewable energy is in the spotlight. In Malta—an island that enjoys an average of 300 days of sunshine per year—solar power has become mainstream, enabling the country to reach its goal of using 10% renewable energy by 2020. But any advantage Malta has in terms of abundant sunshine, it loses through its lack of another vital resource: space.

Who owns the Solar Grid in Malta?

In Malta the grid belongs to Enemalta Corporation. The Kyocera / Hyundai / JA Solar photovoltaic panels are installed on the roof and produce high voltage DC current. This is fed into an SMA/SolarEdge/Huawei inverter which stabilises the voltage and current, then changes it into AC current at 230V, suitable for Malta's supply.

Who is solar solutions?

At the forefront of the renewable energy sector in Malta, Solar Solutions was set up in 2005 by individuals with a passion for sustainability. Our unwavering commitment has enabled numerous households and businesses to adopt solar power, creating a positive environmental impact through harnessing the sun's

energy.
