

Solar geyser company

 **LFP 48V 100Ah**

Overview

Where are Solar geysers made?

The entire water heating solar systems are made in our Pretoria factory. Stainless steel solar geysers offering extended life cycle and years of reliable service. Solar Geysers to Construction projects and Resellers across Southern Africa as well as installations directly to home owners.

Who uses Solar Geysers in South Africa?

Solar Geysers to Construction projects and Resellers across Southern Africa as well as installations directly to home owners. SunTank solar geysers have a 10-years Warranty and carry SABS certification. Established in 1994 during South Africa's first democratic election, SunTank is the country's leading solar water heating company.

How does a solar geyser work?

Solar geysers consist of a solar collector and a storage tank for the hot water. A solar geyser can either heat water directly or it can use heat transfer liquids depending on your requirements. Highest quality solar geysers for sale and we offer excellent solar geyser prices while all the installation fees are inclusive.

Why should you choose a solar geyser?

Up to 90% of your water heating needs sourced directly from the Sun. Up to 30% more efficient in frost prone areas. A proven technology - widely used throughout the world. High quality Solar Geysers and products backed by generous warranties. Amongst the lowest greenhouse emissions of any system in the market. Can pay for itself in 2-3 years.

Do Solar Geysers have a warranty?

SunTank solar geysers have a 10-years Warranty and carry SABS certification. Established in 1994 during South Africa's first democratic election, SunTank is the country's leading solar water heating company. Our solar geyser systems,

100% manufactured in Pretoria, are tailored to endure the challenging regional climate.

Where can I install a solar geyser?

Solar Guru installs Solar Geysers in the following areas: Pretoria, Johannesburg and all surrounding areas of Gauteng. Klerksdorp, Potchefstroom, Hartebeespoortdam and all surrounding areas in North-West province. Need a solar geyser in Limpopo?
