Why should you choose SAE group solar panels in Coffs Harbour?

If you are looking for an affordable and environmentally-friendly way to power your home or business in Coffs Harbour, SAE Group's solar panel solutions can meet your needs. Our team of professionals will work with you to assess your energy requirements and recommend a tailored solar panel system that fits your unique needs. Call Us Today!.

Why should you choose Coffs solar energy?

By choosing Coffs Solar Energy, you support a local business dedicated to a greener, brighter future for Coffs Harbour. Coffs Solar Energy is a premium-quality solar energy company. A company that has firmly established itself as one of the benchmark solar companies on the upper Mid-North Coast of NSW.

How many kW can a Coff inverter produce?

In rural areas surround Coffs their limit is 3kW for the inverter meaning you can get up to 3.99kW of Solar panels, while 5kW inverters with 6.6kW systems are possible in urban areas. It may be possible to go larger with export controllers and with 3-phase connections upon application.

Where can I use solar in Australia?

The most popular areas we service in Australia: are Rockhampton, Port Macquarie, Geelong, Shepparton, Newcastle, Sunshine Coast, Bendigo, Gold Coast, and Penrith. Coffs Harbour is an ideal location to use solar. It's clear all year long, the winters are short and cool, with a majority of the days being warm and sunny.
