Could solar power be a part of the Essex experience?

Like the rest of the Essex Experience, the housing units would have solar power incorporated. Edelman says he's also looking into the idea of shared-use cars to reduce the number of cars in the Essex Experience. While the project is still in the beginning stages, there seems to be a good amount of community support.

Does Skylar solar offer solar battery storage?

Skylar Solar is proud to offer advanced solar battery storage systems to clients across Essex, enabling you to store excess solar energy generated during the day for use during peak hours. By integrating a solar battery storage system with your solar panel installation, you can maximise your energy independence.
