

Solar panel price in jeddah

Overview

Does CEPCO renewables install solar panels in Saudi Arabia?

Cepco Renewables has successfully installed 50 MW of ground mount solar and more than 1,5 MWp of solar PV rooftop systems to entities around Saudi Arabia. [Read More](#). Be one of the first in the Kingdom to install roof top solar power on your property. At CEPCO Renewables, we design a system that is best suited for your particular location.

Do JA Solar Panels come with a warranty?

JA Solar's solar panels come with a 12-year product guarantee and a 25-year linear power guarantee. These FAQs aim to provide a general understanding of solar panel installation and supply. For more specific or detailed information, it is recommended to consult with our professional staffs to better help you with your requirement.

How long do solar panels last?

Solar panels are designed to be durable and can last for 25 years or more. However, their performance may gradually decrease over time. Solar panels are generally low-maintenance. Regular cleaning to remove dirt and debris is recommended, and occasional inspections by professionals are advised to ensure optimal performance.
