

Solar power generation loan scam

Overview

These scams start with an unexpected phone call, message on social, or even an in-person visit. The so-called official offers you an “energy audit” to reduce your utility costs. Are solar panels a scam?

That is, of course, also a scam. To protect yourself from clean energy scams: Know that “free” or “no cost” solar panel offers are scams. The federal government does not install solar systems in homes for free. If you’re considering whether solar energy is right for you, check out the Department of Energy’s guide for homeowners and learn more.

Are You mis-sold loans to install solar panels?

The Financial Services Ombudsman has received around 2,000 complaints from people who claim they were mis-sold loans to install solar panel systems that didn’t deliver the promised returns. Many people installed solar panels with the expectation that they would save thousands in electricity costs and even make money by generating power.

Why did people take out loans to pay for solar panels?

Many people took out loans to pay for panels on the promise they would save thousands of pounds in electricity costs and make money generating power. They say they have not had the expected savings, and the Financial Services Ombudsman has had 2,000 complaints. Barclays Bank has put aside £38m to deal with potential claims.

Should you apply for a solar panel grant?

By applying for a solar panel grant, you could receive heavily discounted or even free solar panels, resulting in annual energy bill savings upwards of £1,040. We recently conducted a survey of over 1,540 Independent readers who own solar panels* to understand how they made the most of the solar panel funding available to them.

How do you know if a solar system is a scam?

Ask for a list of satisfied customers and look at customer reviews online. Know that the government won't offer you free solar. The federal government does not install residential solar panels for free; if someone is claiming otherwise, it's probably a scam. If it seems too good to be true, it probably is.

How many complaints are there about solar panels?

Debbie Enever, from the Financial Ombudsman Service, said: "We have got about 2,000 complaints about solar panels at the moment and more coming through every week." The Financial Services Ombudsman has received around 2,000 complaints from people who claim they were mis-sold loans to install solar panel systems that di.
