

# **Solar storage container tender price in France 2026**

## Overview

---

We are today analyzing the results of the 7th session of the PPE2 tender for PV rooftops, released on July 12th, 2024. The average awarded tariff is quite stable with a slight decrease compared to the last session of the PPE2 tender for PV rooftops at €100.7/MWh (vs. €102.10/MWh in the last).

We are today analyzing the results of the 7th session of the PPE2 tender for PV rooftops, released on July 12th, 2024. The average awarded tariff is quite stable with a slight decrease compared to the last session of the PPE2 tender for PV rooftops at €100.7/MWh (vs. €102.10/MWh in the last).

Among all PPE2 tenders, one supports PV rooftop installations above 500 kWp located in mainland France We are today analyzing the results of the 7th session of the PPE2 tender for PV rooftops, released on July 12th, 2024. The average awarded tariff is quite stable with a slight decrease compared to.

The average price of the proposals stood at EUR 68.51 (USD 69.95) per MWh, up from EUR 58.84/MWh recorded in the initial tender, in which 71 projects were awarded. In terms of capacity, the largest winner is a unit of Q Energy France, which bagged a 66-MW project in Lac des Longchamps. France's.

The last three rounds of the PPE2 tender have all delivered an average power price of around €79/MWh. Image: Apex Energies. The French Ministry of Ecological Transition and Territorial Cohesion has awarded 971MW of ground-mount solar capacity, to 165 projects, in the eighth round of the second.

The French Energy Regulatory Commission (CRE) has announced the winners of the latest and the 3rd round of the PPE2 auction for the technology-neutral category of renewables that was open to solar, wind and hydroelectric projects. Solar PV overshadowed onshore wind to win over 92% or 463.7 MW.

France allocates 971 MWp in a heavily oversubscribed auction for ground-mounted PV, with another round due by year-end. France has awarded 971 MWp in its latest ground-mounted solar auction, a round that drew more bids than available capacity and kept average prices competitive. The energy.

Explore the latest France Solar Energy Tenders and gain access to real-time government bids, eProcurement updates, and detailed information on government contracts in France.
