Solon Srl

Solon Srl's solar energy division is focused on developing and implementing large-scale solar power projects. The company has extensive experience in designing and installing solar photovoltaic (PV) systems, which convert sunlight into electricity.

Soluon Energy

El tiempo necesario para recuperar la inversión en paneles solares, llamado también ROI, varía según factores como el coste inicial, las tarifas eléctricas o la cantidad de luz solar disponible, entre otros. En promedio, el ROI puede estar entre 5 a 10 años, llegando incluso a ser de 3 a 5 años en áreas con condiciones favorables, incentivos y tarifas eléctricas altas.
