

Specifications of JA Solar PV Panels

Overview

JA Residential Solar Panels Quick Summary
Main solar panel range – DeepBlue series.
Solar panel power output ratings – 330W to 555W.
Panel efficiency – high: 21 percent to 24.8 percent.
Cell technology – P-type PERC and N-type TOPCon.
Price bracket – low-medium.
Product warranty – 12 years.
What is a JA Solar jam54d41-440/lb?

The JA Solar JAM54D41-440/LB is a 440W premium cell solar panel with an all black design. This n-type Double Glass Bifacial Module is very efficient and operates with extremely low LID. Solar Panels are subject to a £150 ex VAT delivery charge up to 50 panels. This is due to being transported by pallet, which are on a 1-2 day service.

Who makes JA Solar panels?

JA Solar is one of the largest solar panel manufacturers with third-largest solar module capacity (reportedly 42.5GW/year in 2021). JA Solar has focused on producing a mid-market solar panel for the masses that combines reliability with an affordable price point.

How to install JA Solar modules?

JA solar recommends installing the modules with a tilt angle of at least 10 degrees, making it easier for dust to be washed off by rain. Ensure the installation method and supporting system of modules is strong enough to make the modules can withstand all the load conditions.

What is included in the JA Solar installation manual?

Thank you for choosing JA SOLAR modules! This Installation Manual contains essential information for electrical and mechanical installation that you must know before handling, installing JA Solar Modules. This Manual also contains safety information you need to be familiar with.

How reliable is JA Solar?

Since 2017, JA Solar has consistently scored in the 'Top performer' category of the DNV GL/PVEL PV Module Reliability Scorecard report. DNV GL is a leading authority of independent energy experts, and PVEL conducts independent PV testing. This annual report identifies 20 high-performing solar panel manufacturers.

What types of solar panels does JA Solar offer?

These include solar panels for homes and commercial installations. JA Solar offers two main types of solar cell technologies - Passivated Emitter and Rear Cell (PERC or P-Type) and N-Type.
