What is SSE energy solutions?

SSE Energy Solutions | 27,845 followers on LinkedIn. ENERGY SOLUTIONS FOR A NET ZERO FUTURE LET'S POWER CHANGE TOGETHER Climate change won't wait. Your customers, employees and connections expect businesses today to leave a cleaner world for tomorrow. Choose green energy and the flexible infrastructure you need to grow in our net zero future.

Why should you join SSE energy solutions?

Join us at SSE Energy Solutions and you'll be part of a high-performing, diverse team that values innovation and individual contribution. We innovate and strive for excellence in everything we do, helping our customers build a more sustainable future as we work together towards net zero.

What is SSE green electricity?

With SSE green electricity, you'll continue to get your electricity through the national grid as normal, and we'll match your consumption to REGOs from the SSE Group's generating assets. SSE Energy Solutions - your bridge to our renewable energy, tools and technology to thrive in a net zero world.

Who is SSE thermal?

SSE Thermal is responsible for the flexible generation subsidiary of SSE plc,

focusing on flexible energy generation and storage assets including carbon capture and storage (CCS), hydrogen, energy-from-waste, energy storage and gas generation. SSE Thermal seeks to become the leading provider of flexible thermal energy in a net zero world.

Does SSE offer green energy?

We also offer 100 per cent renewable green gas – again, verified by EcoAct. “A challenge faced by businesses is how to ‘green’ their supply chain. SSE allows customers to offer our green energy to their partners and suppliers, adding further depth to the company’s net zero credentials. “And we’re innovating with other products, too.
