

# **Successful bid price of battery storage container project in Poland 2026**

## Overview

---

Pacific Green has secured its first capacity market contract in Poland for a 50MW / 200MWh battery energy storage (BESS) project. The contract, awarded in last week's T-5 Capacity Market auction has been secured at the clearing price of 264.9PLN (€62.14)/kW/year.

Pacific Green has secured its first capacity market contract in Poland for a 50MW / 200MWh battery energy storage (BESS) project. The contract, awarded in last week's T-5 Capacity Market auction has been secured at the clearing price of 264.9PLN (€62.14)/kW/year.

European Energy ventures into battery storage with key contract in Poland  
European Energy successfully secured a contract for several battery projects in Poland. The Polish Transmission System Operator Capacity Market auction has awarded a 17-year contract, indexed to inflation, for four battery.

Pacific Green has secured its first capacity market contract in Poland for a 50MW / 200MWh battery energy storage (BESS) project. The contract, awarded in last week's T-5 Capacity Market auction has been secured at the clearing price of 264.9PLN (€62.14)/kW/year. This secures a revenue stream for.

The results of Poland's recent capacity market auction have been revealed, with a clearing price significantly lower than the previous years and IPP Greenvolt saying it won the lion's share of around 1.7GW of BESS awarded contracts. The auction which took place last month (December 2023) cleared at.

As expected, Poland's latest capacity market auctions have highlighted a significant shift towards the battery energy storage systems (BESS) beside the fact that the de-rating factor has been significantly decreased. The auction held by Polskie Sieci Elektroenergetyczne S.A. (PSE - an electricity.

Battery storage projects from Hynfra Energy Storage and OX2 totalling 130MWh have won contracts in energy auctions in Poland this week. A capacity market auction for 2027 from transmission system operator Polskie

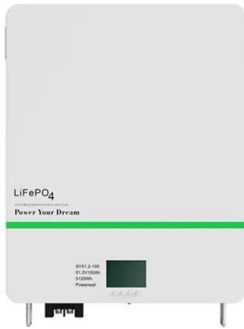

Sieci Elektroenergetyczne (PSE) closed at PLN 406.35/kW/year (US\$93) and handed out.

Polish utility PGE Group has launched a tender for the design and construction of a battery storage facility with a minimum capacity of at least 900 MWh. Meanwhile, Ukraine's DTEK has completed the acquisition of a 532 MWh battery storage project in southern Poland. Polish state-owned energy company.
