

Successful bid price of mobile ESS unit project in China 2025

Overview

Recently, the project announced the winning bid result, with Ganfeng LiEnergy securing the bid at a unit price of 0.345 yuan/Wh. From the scope of the tender, in addition to containers, EMS, and fire protection systems, the main equipment on the DC side was included in this.

Recently, the project announced the winning bid result, with Ganfeng LiEnergy securing the bid at a unit price of 0.345 yuan/Wh. From the scope of the tender, in addition to containers, EMS, and fire protection systems, the main equipment on the DC side was included in this.

The average bid stood at CNY 0.473/Wh (\$65/kWh). Public procurements in China continue to demonstrate exceptionally low price levels for lithium-ion phosphate (LFP) battery energy storage systems (BESS). In the latest tender, more than 80% of bidders quoted prices below CNY 0.5/Wh (\$69/kWh).

Home / Metal News / The quoted price for 4h ESS is as low as 0.37 yuan/Wh, while the global market is experiencing a 70% compound annual growth rate. The quoted price for 4h ESS is as low as 0.37 yuan/Wh, while the global market is experiencing a 70% compound annual growth rate. In early June.

China's electrochemical energy storage capacity grew rapidly, with 5 GWh added in 2021 (an 89% year-on-year increase) and 15.3 GWh added in 2022 (a 206% year-on-year increase). This growth is driven by higher energy storage configuration ratio requirements and regulations stipulating energy storage.

Consequently, policy directives play a pivotal role in propelling the domestic installations of Energy Storage Systems (ESS) in the FTM market. The bidding capacity continues to rise, and winning prices have seen a significant reduction due to various factors. As of December 2023, the bidding.

The average bid stood at CNY 0.473/Wh (\$65/kWh). From ESS News Public procurements in China continue to demonstrate exceptionally low price levels for lithium-ion phosphate (LFP) battery energy storage systems (BESS). In the latest tender, more than 80% of bidders quoted prices below CNY 0.5/Wh.

The first winning candidate was BYD Auto Industry Co., Ltd., with a bid price of 103.779 million yuan, equivalent to a unit price of 0.519 yuan/Wh. The second winning candidate was CRRC Zhuzhou Electric Locomotive Research Institute Co., Ltd., with a bid price of 101.6 million yuan, equivalent to a. What are the bidding unit prices for ESS & EPC?

Regarding prices, the bidding unit prices for domestic ESS and EPC have been on a downward trajectory, influenced by decreasing raw material costs, premature business models, and intense industry competition. As of December 2023, the bidding unit prices for ESS and EPC stand at 0.77 yuan per watt-hour and 1.45 yuan per watt-hour, respectively.

How much does a Chinese company bid?

The average bid of the first six candidates was 0.4730 yuan/Wh, while the bids of the three alternative companies were somewhat higher and stood at 0.4738 yuan/Wh, 0.486 yuan/Wh and 0.4784 yuan/Wh. The latest results follow in the footsteps of recent procurements which saw similarly low prices.

Can C&I ESS address distributed PV consumption?

Consequently, as domestic distributed photovoltaic continues to flourish and the power spot market gains traction, C&I ESS has the potential to address distributed PV consumption, and its yield rate in the power spot market is expected to further improve.

Successful bid price of mobile ESS unit project in China 2025

[Review and Outlook of ESS Market in China](#)

The most prominent outcome is the drastically reduced production costs of PV, onshore wind, and electrochemical energy storage systems. InfoLink expects China to add ...

The quoted price for 4h ESS is as low as 0.37 yuan/Wh, while the ...

The tender's price ceiling was as low as 0.363 yuan/Wh. Recently, the project announced the winning bid result, with Ganfeng LiEnergy winning the bid at a unit price of ...

The Standalone Energy Storage Market in India 1

In the first quarter of 2025, Standalone ESS tenders reached 6.1 gigawatts (GW), which accounted for 64% of all utility-scale energy storage tenders, which included all other use ...

Key trends in battery energy storage in China

China has been an undisputed leader in the battery energy storage system deployment by a far margin. The nation more than quadrupled its battery fleet last year, which helped it surpass its 2025 target of 30 GW of ...

Latest Grid-scale/Utility Scale Energy Storage System (ESS) ...

Search all the latest and upcoming GUSESS projects, bids, RFPs, ICBs, tenders, government contracts, and awards in China with our comprehensive online database.

The Gezhouba Consortium Won the Bid for the 60MW/120MWh ESS ...

The consortium of China Gezhouba Group First Engineering Co., Ltd. and China Energy Engineering Group Jiangsu Electric Power Design Institute Co., Ltd. won the project ...

Powering Ahead: 2024 Projections for Growth in the Chinese ...

Regarding prices, the bidding unit prices for domestic ESS and EPC have been on a downward trajectory, influenced by decreasing raw material costs, premature business ...

The bid price of energy storage system hit a new low

In March 2024, ESS bid prices varied depending on their storage capacity, with an overall downward trajectory evident, particularly in the case of four-hour ESS bids, which hit yet another ...

The List of Bidding Candidates for the 130MW/260MWh Grid ...

Polaris Energy Storage Network learned that on April 14, the list of successful candidates for the EPC general contract of the 130MW/260MWh grid-forming shared ESS ...

Powering Ahead: 2024 Projections for Growth in the ...

Regarding prices, the bidding unit prices for domestic ESS and EPC have been on a downward trajectory, influenced by decreasing raw material costs, premature business models, and intense industry competition.

Powering the Grid: South Korea's 2025 ESS Auction

Go-To Guide: South Korea launched the 2025 1st ESS Central Contract Market auction, offering 540 MW of capacity for energy storage projects across the mainland and Jeju. ...

Price cap of 1.05 yuan/Wh! Tender for EPC of 200 MWh User-side ESS ...

Polaris Energy Storage Network News: On May 14, Chongqing Liangjiang Changxing Power Co., Ltd. issued a tender announcement for the EPC of user-side ESS projects in Chongqing for ...

Energy Vault China gravity ESS project connected to ...

Another Energy Vault gravity energy storage project under construction in Zhangye City, Gansu Province, China. Image: Business Wire. Energy Vault has connected its first commercial EVx gravity-based energy ...

BYD and others were shortlisted for the procurement tender of ...

The second winning candidate was CRRC Zhuzhou Electric Locomotive Research Institute Co., Ltd., with a bid price of 101.6 million yuan, equivalent to a unit price of ...

The List of Winning Candidates for the 200MW/800MWh Grid-Forming ESS

Polaris Energy Storage Network learned that on April 26, the list of winning candidates for the EPC general contracting project of the Shule 200MW/800MWh grid-forming ...

0.5652~0.5658 yuan/Wh! The bidding for the 1.02 GWh standalone ESS ...

The total tender scale was 300MW/1020MWh, with the bid prices from the three consortiums ranging from 0.5652 to 0.5658 yuan/Wh. Moreover, subsidiaries of China Railway ...

Our Lifepo4 batteries can be connected in parallels and in series for larger capacity and voltage.

Energy Storage Systems (ESS) Projects and Tenders

Content Owned by MINISTRY OF NEW AND RENEWABLE ENERGY Developed and hosted by National Informatics Centre, Ministry of Electronics & Information Technology, ...

The quoted price for 4h ESS is as low as 0.37 yuan/Wh, while the ...

Recently, the project announced the winning bid result, with Ganfeng LiEnergy securing the bid at a unit price of 0.345 yuan/Wh. From the scope of the tender, in addition to ...

Hubei Electric Power Planning Institute Won the Bid for the ...

Polaris ESS learned that on April 21, the winning bid result for the EPC general contracting of the ESS power station at Xuanwei Power Plant of Qujing Guodian Electric Power ...

World's largest vanadium redox flow project completed

Dalian-headquartered Rongke Power has completed the construction of the 175 MW/700 MWh vanadium flow battery project in China, growing its global fleet of utility-scale projects to more than 2 GWh.
