

# Sumec Solar Power Plant

## Overview

---

Where is sumec's solar power plant located?

The solar power project, located in San Miguel, Bulacan, is SUMEC's second large-scale ground-based photovoltaic power station project in the Philippines. After grid-connected operation, the plant's actual maximum generating capacity reaches 60 MW per hour, exceeding the planned power output.

What does sumec CEEC do?

Following the Belt and Road Initiative (BRI), SUMEC CEEC is committed to overseas project development that features localization and management by objective, with focus on energy engineering such as solar power plants, wind power plants, coal-fired power plants, hydropower plants, and power transmission and transformation projects.

Who is sumec energy?

SUMEC Energy is a global and comprehensive clean energy solution provider. SUMEC Energy is committed to providing customers with one-stop energy solutions including energy supply, energy management, energy conservation and energy storage.

What does sumec stand for?

Aerial image of the big solar project built by SUMEC CEEC in San Miguel, Bulacan, the Philippines [Photo/sinomach.com.cn] A 50-megawatt (MW) solar plant, newly built by SUMEC Complete Equipment & Engineering Co (SUMEC CEEC) affiliated to Sinomach subsidiary SUMEC Group Corporation (SUMEC), is ready for use in the Philippines.

Who is sumec & Hansei Corporation?

SUMEC specializes in EPC contracting for both international and domestic markets, while Hansei Corporation is a Philippine-based EPC and Operation and Maintenance (O&M) company and contractor for electric power

transmission, distribution and substation utilities services that support the global initiatives towards renewable energy.

Will sumec deliver MGen project on time & within budget?

As firmed up in the contract, MGen President and CEO Jaime T. Azurin is raising hope that “with the cooperation of SUMEC, we’ll be able to deliver the project on time, on schedule, and within budget.” In turn, SUMEC Senior Marketing and Sales Director Lennon Zong had given his company’s commitment on the “timely completion of the said projects.”
