

# Sun solar products

## Overview

---

What are solar-powered products?

Solar-powered products are devices or systems that make use of the abundant energy from the sun to operate and effectively carry out their intended tasks. They harness solar energy through photovoltaic (PV) cells or solar panels, which convert sunlight into electricity. But do you know there are solar versions of basic appliances we use daily?

.

What is a SunPower Maxeon solar panel?

SunPower's comprehensive panel portfolio ensures maximum flexibility to address all of your energy needs. SunPower Maxeon solar panels are the highest efficiency panel you can buy with unmatched reliability \* and maximum production.

What are SunPower performance solar panels?

SunPower Performance solar panels demonstrate enhanced efficiency, quality, and reliability compared to Conventional Panels. The industry-leading reliability and production of SunPower solar panels combines with microinverter technology to maximise your roof's potential.

Why should you choose SunPower equinox solar panels?

From high-quality panels to our exclusive Invisimount® racking, SunPower products are carefully chosen for performance, reliability, and aesthetics to power your home with clean, sustainable energy from the sun. Learn more about the SunPower Equinox solar system [Take Control of Your Energy Use](#).

What are Sunrise Solar products?

The Sunrise module solar products currently mainly include the development, production installation, and sales of sunrise pv modules, as well as the

construction management, technology development and operation, and maintenance of photovoltaic power generation projects of sunrise solar solutions.

Why should you buy a solar battery from SunPower?

Take Control of Your Energy Use With a solar battery from SunPower, you can put the clean electricity your solar system produces to even better use.
