Who is SunPower Corporation?

SunPower Corporation is an American provider of photovoltaic solar energy generation systems and battery energy storage products, primarily for residential customers. The company, headquartered in San Jose, California, was founded in 1985 by Richard Swanson, an electrical engineering professor from Stanford University.

Is SunPower a good solar company?

And with nearly 40 years of dedicated solar experience, we're the only U.S.-based solar company that's been around longer than our 25-year warranty. Since 1985, SunPower has been leading global solar innovation. With the highest performing solar power systems available, we are the solar energy choice.

Where is SunPower solar based?

The 4.4-megawatt solar system from SunPower, comprised of carport, roof and ground-mount arrays, goes live at Campbell's World Headquarters in Camden, N.J. SunPower acquires SolarWorld Americas' assets in Hillsboro, Oregon, investing in American solar manufacturing and converting the facility to P-Series technology.

Why is SunPower a smart energy company?

SunPower invests in integrated technology solutions to help customers manage their cost of energy, reinforcing the company's evolution to offering Smart Energy solutions for its residential, commercial and utility customers. Solar Impulse, the solar-powered airplane powered by SunPower solar cells, successfully flies across America.

What are SunPower performance solar panels?

SunPower Performance solar panels demonstrate enhanced efficiency, quality, and reliability compared to Conventional Panels. The industry-leading reliability and production of SunPower solar panels combines with microinverter technology to maximise your roof's potential.

Does SunPower offer a solar & storage solution?

SunPower offers the only solar + storage solution designed and warranted by one company that gives customers control over electricity consumption and resiliency during power outages while providing cost savings to homeowners, businesses, governments, schools and utilities.
