Who is Sunrun solar?

Formed in 2007, Sunrun pioneered residential solar service. We have over 1 million customers and have sold our solar service in 22 states, DC & Puerto Rico. We provide a superior solar energy service with fixed pricing under 20 or 25 year agreements, that generate recurring, contracted revenue for multiple decades.

How did Sunrun revolutionize the solar industry?

Sunrun Inc. (Nasdaq: RUN) revolutionized the solar industry in 2007 by removing financial barriers and democratizing access to locally-generated, renewable energy. Today, Sunrun is the nation's leading provider of clean energy as a .

What is Sunrun & how does it work?

Sunrun is the nation's leading provider of clean energy as a subscription service, offering residential solar and energy storage with no upfront costs. Our innovative products and solutions can connect homes to the cleanest energy on earth, providing them with energy security, predictability, and peace of mind.

How many solar systems does Sunrun install?

Though they continue to diversify into different markets in the solar industry, Sunrun sets itself apart by installing the most solar energy systems of any company in the U.S. residential solar industry. As of Q2 2022, Sunrun had installed over 37,000 solar and solar-plus-storage systems and over 5.136 gigawatts (GW) of solar energy capacity.

Is Sunrun the largest solar company in America?

With operations in 23 states, the District of Columbia, and Puerto Rico, Sunrun became the largest solar, storage and energy services company in America, surpassing SolarCity (now Tesla Energy). [15] In July 2020, Sunrun announced that it would acquire Vivint Solar for \$3.2 billion. [16].

How does Sunrun make money?

Sunrun's primary service (and source of revenue) is residential solar installations. However, they differentiate themselves from the growing number of solar installers by offering " solar as a service," which involves installation services, continuing maintenance, and panels as one package.
