## Overview

---

Are surefire 123A batteries good?

Optimized for use in SureFire flashlights, SureFire 123A high-performance lithium batteries pack a lot of power into a very small package. And unlike alkaline batteries, SureFire batteries have a 10-year shelf life, which means they will be ready when you need them, every time. Trust in the power and durability of SureFire batteries.

What is the surefire sflfp123-kit?

The SureFire SFLFP123-KIT is the perfect solution for customers who prefer a convenient rechargeable battery option. The SFLFP123-KIT includes two batteries plus a dual-bay charger with a Micro-USB cable that allows you to conveniently recharge your batteries at home or on the go. The batteries can also be purchased in pairs, without the charger.

What is the surefire sflfp123 charger kit?

Give us a chance to match or beat it. Contact us! The SureFire SFLFP123 Charger Kit is specially designed to recharge SureFire Lithium Iron Phosphate RCR123A batteries. With an attached USB cable, you can easily recharge your favorite batteries on-the-go with any USB-compatible device like a laptop or powerbank.

How much do sf123a lithium-ion batteries cost?

True, if you are using up a pair of SF123A lithium-ion primary batteries every time you go on a camping trip, or you use a lot of them in your daily job, you can burn through a lot of money quickly. SureFire SF123 primary batteries cost about \$4 per pair, and they boast nearly twice the capacity of SFLFP123 batteries.

How much do surefire sf123 batteries cost?

SureFire SF123 primary batteries cost about \$4 per pair, and they boast nearly

twice the capacity of SFLFP123 batteries. But assuming that you are using two batteries in your illumination tool, it will cost you another \$4 every time you have to replace them.

Are sflfp123 batteries safe?

While they lack the capacity of SureFire 123A lithium primary cells, SFLFP123 cells are safe to use, cost-effective, and they retain approximately 80% of their original capacity even after hundreds of charging cycles. The included smart charger can fully charge two batteries in three hours, in the convenience of your home, office or vehicle.
