Thermolite solar panels

ThermoLite® 30W

Thermo King has a more efficient and cost-effective solution for your transport temperature control trailers... Introducing ThermoLite® 30W solar panels - clean, reliable power and performance. ThermoLite® panels have been specifically developed to provide an alternative power source to refrigerated and dry fleets.

Thermo King Rental

To Strive forward No Energy Waste

- ✓ All in one
- ✓ 100~215kWh High-capacity
- ✓ Intelligent Integration

ThermoLite® Solar Panel Solutions Thermo King

ThermoLite® solar panels give you power for longer battery life, decreased waste, reduced fuel consumption and fewer emissions. Desde alimentar suas APUs até estender a vida útil da bateria de seu PUV - os painéis solares ThermoLite® fornecem a energia

Thermolite Solar Panels , Thermo King Power Management ...

ThermoLite Solar Panels deliver clean, reliable performance in a wide variety of applications resulting in decreased waste, lower fuel consumption, and reduced emissions. Optimized to ...

ThermoLite® Solar Panels

Try Thermo King's ThermoLite solar panels for longer battery life, lower fuel consumption and remissions, and lower maintenance costs. Learn more here! Southeast, FL (561) 845-0406 Southwest, GA (229) 273-9480 Tallahassee, FL (850) 562-1181 (772) 465

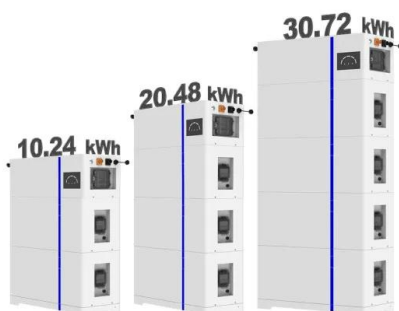

Thermolite® Solar Panels

ThermoLite® solar panels can deliver clean, reliable performance in a wide variety of applications, resulting in longer battery life, decreased waste, lower fuel consumption and reduced emissions. Given these potential benefits, ThermoLite solar panels can be an important part of a comprehensive sustainability program for your business.

ThermoLite® 40W

Introducing ThermoLite ® 40W solar panels, an advanced and durable solar solution for your transport temperature control trailers. ThermoLite ® 's Charge Controller technology optimizes the charging from the solar array to the battery bank -- extending battery life and increasing fuel savings over the life of the asset.

Thermo King ThermoLite Solar Panels for Continuous Charging ...

Thermo King, a manufacturer of transport temperature control solutions for a variety of mobile applications and a brand of Ingersoll Rand, introduced the new, high capacity ...

ThermoLite(TM) 100W-300W Solar Panel Installation Guide

ThermoLite 100W-300W Solar Panel Installation Guide General Installation Precautions and Specifications NOTE: This equipment is designed and rated for 12V DC nominal systems. The solar panel, application surface and air temperature must all be above 45

[TK80019 Solar Panels 12-2022 EN2](#)

12 Volt ThermoLite solar panel for truck trailer refrigeration units - 40w/110W The 12V models (40W & 110W) are designed to use on your refrigeration unit (even competitor's unit). With combined solar power, your unit is always doing what you need it to do - protecting your cargo - rather than using energy and fuel to top up its battery.

Power Solutions ThermoLite Solar Panels for Bus Brochure

ThermoLite® solar panels can deliver clean, reliable performance in a wide variety of applications, resulting in longer battery life, decreased waste, lower fuel consumption and reduced emissions. Given these potential benefits, ThermoLite solar panels can be an important part of a

12.8V6Ah

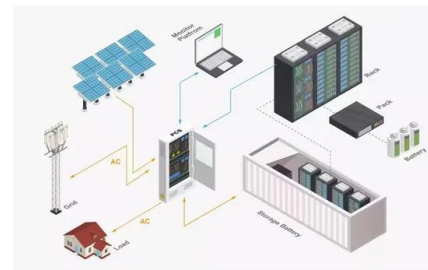

Nominal voltage (V):12.8
 Nominal capacity (ah):6
 Rated energy (Wh):76.8
 Maximum charging voltage (V):14.6
 Maximum charging current (a):6
 Floating charge voltage (V):13.6-13.8
 Maximum continuous discharge current (a):10
 Maximum peak discharge current @ 10 seconds (a):20
 Maximum load power (W):100
 Discharge cut-off voltage (V):10.8
 Charging temperature (°C):0-+50
 Discharge temperature (°C):-20-+60
 Working humidity: $\le 95\%$ RH (non condensing)
 Number of cycles (25 °C, 0.5C, 100%DoD): >2000
 Cell combination mode: 32700-4s1p
 Terminal specification: T2 (6.3mm)
 Protection grade: IP65
 Overall dimension (mm):50*70*107mm
 Reference weight (kg):0.7
 Certification: un38.3/msds
