

Trinity photovoltaic panels processed by

Overview

When you're shopping for solar panels, the panels, inverter and (possibly) the battery are important pieces of the bigger picture. If you buy from Trinity Solar, you should expect quality equipment.

Trinity's customers can go solar by purchasing panels or entering into a lease or power purchase agreement. While buying solar panels often results in better financial savings over the.

Trinity Solar operates in nine states: You can reach out to Trinity via its website. Trinity will contact you using the information you provide to start the process. Trinity Solar has.

Online reviews shouldn't be taken as the final word on the quality of any product or service, but you can glean some valuable information from them.

As with any major purchase, it's important to shop around and read all the fine print. Doing a bit more legwork could save you thousands of dollars. Keep.

Does Trinity solar install solar panels?

Trinity Solar installs solar panels made by Tier 1 manufacturers such as Qcells and offers energy storage systems from Tesla, Generac and other brands. It has multiple payment options, including solar leases from its business partner Sunnova.

Does Trinity solar install qcells solar panels?

Trinity Solar installs Qcells solar panels, although it could install something else if a customer requests it, said Kristen Drigon, a spokesperson for Trinity Solar. The widely used residential solar panels from Qcells, one of the largest solar panel manufacturers in the world, have top efficiency ratings from 20.6% to 20.9%.

How long does it take Trinity solar to install solar panels?

The company has a large team of employees that make up various sectors, including customer support, construction, electrical, and service teams.

According to multiple reviews on several platforms (Google, Better Business Bureau, etc.), Trinity Solar can complete some solar installations in as little as one day.

What is a typical installation experience with Trinity solar?

A typical installation experience with Trinity Solar would look as follows: The first step of going solar with Trinity is an energy consultation. It consists of submitting your address, phone number and electricity bills. This is followed by a discussion with a sales rep and an analysis of your bills.

Who is Trinity solar?

Trinity Solar is a solar and roofing installation company that serves most states on the East Coast. It has been in business since 1994, but was run as an HVAC-focused company until 2004, when solar became its focus. In that time, it has served over 830,000 families across the coast.

How to go solar with Trinity?

The first step of going solar with Trinity is an energy consultation. It consists of submitting your address, phone number and electricity bills. This is followed by a discussion with a sales rep and an analysis of your bills. This will decide the number of solar panels on your roof and the tentative cost of the same.
