

Tsk solar spain

◆ PRODUCT INFORMATION ◆

-  **BATTERY CAPACITY**
50kWh~500kWh
-  **DC VOLTAGE RANGE**
400V~1000V
-  **DEGREE OF PROTECTION**
IP54
-  **OPERATING TEMPERATURE RANGE**
-10~50°C

Overview

Where are TSK power plants located?

TSK is a world leader in photovoltaic power plants, with a track record of 16 years in which we have built more than 200 plants worldwide. Spain, France, Italy, Romania, The United States, Argentina, Panama, Mexico, Puerto Rico, Honduras, Bolivia, El Salvador, Japan, Uganda, United Arab Emirates, Kuwait, Egypt or Jordan.

Who is TSK Grupo?

The company was founded in 1987 and has since grown to become one of the leading players in the renewable energy industry in Spain and beyond. One of the key areas of focus for TSK Grupo is biofuels, which are renewable fuels made from organic matter such as crops, waste, and other biomass.

Did TSK divest its power plants to Q-energy?

The report states that TSK has fully divested its stakes in 71.75 MW of plants to Q-Energy, a fund managed by Qualitas Equity Partners. The assets covered by the transaction include the 50-MW La Africana solar thermal power station with molten salt heat storage system and three photovoltaic (PV) parks.

What does TSK Groupo do?

In addition to solar power plants, TSK Grupo is also involved in the development of other solar projects such as solar thermal systems and photovoltaic panels. The company has developed several solar thermal systems in Spain, including a system in the city of Almería that uses mirrors to concentrate sunlight and produce heat.

What biofuels does TSK Groupo produce?

In addition to biodiesel, TSK Grupo is also involved in the production of other biofuels such as biogas and bioethanol. The company has developed several biogas projects in Spain, including a plant in the city of Valladolid that

produces biogas from organic waste.

How many tons of biodiesel does TSK produce a year?

This plant has a production capacity of 200,000 tons of biodiesel per year and is one of the largest of its kind in Europe. In addition to biodiesel, TSK Grupo is also involved in the production of other biofuels such as biogas and bioethanol.
