

Unitech energy solutions

Overview

Where is Unitech based?

advanced technologies. Founded in 1985, UNITECH is based in Bergen, Norway. The consolidation of workshop functions to Stord, Norway has enabled the concentration of Engineering, Project Management, Sales, and Administrative functions to the Bergen Headquarters.

Does Unitech offer single source solutions?

UNITECH offers Single Source Solutions including configuration of flying leads with UNITECH MQC stab plates and connectors, and third party connectors. This has significant cost and project deployment advantages. For more information visit 'Single Source Solutions'.

Who are Unitech solutions?

Fully insured & guaranteed deal with the local business, you can trust. Unitech Solutions Pty Ltd is an independent information communication technology (ICT) consultant with over 25 years of experience in the industry. We have offices in Sydney and Wollongong with strategic alliances in Europe, USA and Asia.

Who is Unitech engineering company?

Unitech Engineering Company, established in 1961, is a name synonymous with precision and innovation in the field of liquid filling, capping, induction sealing, and labelling solutions. We specialize in a wide range of filling technologies, including Volumetric, Weigh, and Piston Filling, offering both automatic and semi-automatic options.

Why should you choose Unitech?

UNITECH can also offer a unique test location and infrastructure due to the ownership of the former Hywind Demo - now UNITECH Zephyros - at the MetCentre of Norway. Zephyros serves as a most effective HUB for new floating

wind turbines, subsea charging stations and other future energy platforms.

What is Unitech power cables?

The UNITECH Power Cables Portfolio is based on years of studying the known failure mechanisms in the industry. UNITECH Submarine Power Cables includes the world strongest and most fatigue resistant power cables in the world. The product range cover 1-132 kV and up to 30 MW. The UNITECH team includes experienced cable makers and design experts.

Unitech energy solutions

Clean Energy Solutions

Unitech has vast experience in providing off grid, hybrid and grid tight systems to the region. We have been installing the best in-class PV solar panels, Inverters, and several types of storage systems including LIFEPO4 batteries, gel low voltage batteries and lead acid batteries.

Unitech International

Forensic Lab With the use of the newest technology and top of the line equipment, Unitech provides the utmost solutions for forensic sciences. The range of solutions includes Ballistic Microscope Comparison, Gunshot Residues, Explosives Identifications

Unitech Energy Solutions

Hydraulic Couplers

UNITECH's UH-100 Series heavy duty, self sealing, hydraulic couplers are based on over 20 years' field experience. Single Source Solutions Products UH-500 Series Stab Connectors Hydraulic Couplers MQC Stab Plates Umbilical & Flying Leads Power Cables

- LiFePO₄
- Wide temp: -20°C to 55°C
- Easy to expand
- Floor mount&wall mount
- Intelligent BMS
- Cycle Life:≥6000
- Warranty :10 years

News

Besides the 3" Black Eagle Hoses, UNITECH is also equipped to terminate their smaller hose sizes. UNITECH has provided these systems to all active Oil & Gas basins around the globe. UNITECH supplier led solutions provide the engineering, manufacturing

Power Tool Solutions for Energy and Home Repair , UNITECH

Discover effective applications of Unitech power tools in energy, electricity, and home repair. Our solutions enhance efficiency and reliability, ensuring optimal performance in various tasks. Learn how our tools can empower your projects and support your work.

Home Energy Storage (Stackble system)

- Product Introduction**
- Scalable from 10 kWh to 50 kWh
 - Self-Consumption Optimization
 - Integrated with inverter to avoid the compatibility problem
 - LFP battery, safest and long cycle life
 - Stackable design, effortless installation
 - Capable of High-Powered Emergency-Backup and Off-Grid Function

Business Solutions for the energy sector , Unitech Synergies

Discover advanced energy solutions from Unitech Synergies, focused on enhancing energy efficiency and sustainability for a greener future. Open Hours: Mon - Fri - 9:00 am - 5:30 pm hello@unitechsnergies

Engineered Simplicity

UNITECH believes that when a product is engineered for simplicity, it's more reliable, easier to install and requires less maintenance. Single Source Solutions Products UH-500 Series Stab Connectors Hydraulic Couplers MQC Stab Plates Umbilical & Flying
