

# **Wanwei Home Appliance Network Micro Headlines**

## Overview

---

How did China's home appliances market perform in the first half?

Statistics from AVC showed that the sales revenue of China's home appliances sector reached 338.9 billion yuan in the first half, down 9.3 percent year-on-year. Haier Smart Home, a subsidiary of China's largest home appliance manufacturer Haier Group, entered the Middle Eastern and African markets in 1998.

How does Haier Smart Washing Machine work?

Users can also remotely control and manage home appliances. Haier's smart washing machine employs AI algorithms to optimize washing modes, saving water and electricity while protecting the fabric of the clothes.

Are Chinese home appliance makers boosting sales in the Middle East & Africa?

Chinese home appliance makers are accelerating steps to expand their presence in the Middle East and Africa, and looking to enhance brand awareness and boost product sales by sponsoring or providing products and technologies for the ongoing FIFA World Cup in Qatar.
