February 13, 2024 - Today, SolarReviews released its annual solar panel brand ranking list, and Qcells has been crowned the top solar panel brand for the second year in a row! Details around the ranking list can be found here, but here is a quick snapshot of the top 2024 solar panel brands:

What are the best solar panels manufacturers in the UK?

In no particular order, here are the top 10 solar panels manufacturers whose products are available in the UK today: Project Solar: The best manufacturer in terms of warranty (offering a warranty period of 99.9 years). REA Solar: Provides solar panels with high power output. SunPower: Best manufacturer in terms of product variety.

What are the different types of solar panels?

There are a few other types of solar panel you can get for domestic energy systems. Thin-film and portable solar panels are less powerful than standard monocrystalline and polycrystalline panels, but are also lighter and more versatile, making them ideal for DIY and off-grid (separate from the mains) uses such as sheds, campervans and houseboats.

How do I choose a solar panel brand in the UK?

Product availability in the UK can also determine which brands installers are able to fit. When you talk to different installers (we'd recommend getting three quotes), use our research on solar panel brands to help you choose

between them. Read our full buying advice for solar panels.
