

What are the photovoltaic panel installation scams

Overview

Are free solar panels a scam?

Know that “free” or “no cost” solar panel offers are scams. The federal government does not install solar systems in homes for free. If you’re considering whether solar energy is right for you, check out the Department of Energy’s guide for homeowners and learn more. Or check out the Department of Treasury’s guidance on clean energy.

Is going solar a scam?

It’s likely a scam. While there are some government-funded solar programs for households that qualify, “going solar” isn’t free. Honest businesses will tell you exactly how much it’ll cost to get and install solar panels. Here’s how to steer clear of the scams: Do some research.

Are solar panels a scam or a cold call?

Here are the cold calls and potential scams to avoid. More than a third of solar PV panel owners in our recent survey told us they have been cold called about their panels in the past five years. Most cold callers were trying to sell them something unnecessary, but a few owners were told something completely untrue.

How do I know if a solar company is a scam?

Be wary of solicitors. Always verify the identity and credentials of anyone claiming to represent a solar company. Unscrupulous solar companies may employ aggressive or dishonest sales tactics to close deals quickly, especially if the proposed solar installation isn’t in your best interest.

Are 'fake' solar companies a scam?

Beware of any company asking you to make a big deposit before they have completed their installation. This is one of the most common ways ‘fake’ solar companies have targeted consumers - whereby they take a hefty deposit and

then never turn up to carry out the installation. This is common solar scam.

How do I avoid solar scams?

Here are some of our recommendations for avoiding solar scams: The saying "there's no such thing as a free lunch" applies when shopping for solar! If you see ads on social media or have a door-to-door salesperson stop by your home and share special programs that pay you to go solar, they're likely, not legitimate.
