

Who should I ask to install the photovoltaic panels

Overview

Who will install solar panels?

Who will be Installing the Solar Panels?

Many solar installers will employ subcontractors to erect and remove scaffolding. This is common practice. But it's always wise to instruct a company who is going to be carrying out the installation, rather than palming it off to a third party.

How to choose a solar panel installer?

You must choose a company with the correct qualifications, to make sure that you get both the best job done and to avoid any solar scams. A reputable company should be able to provide proof of their qualifications upon request. The two key accreditations you want to look out for with any solar panel installer are MCS and RECC. 7.

Should you hire a solar panel installer?

Installing solar panels is a big commitment, so you must ensure you're confident in the company you hire for the job. Research on solar panel adoption shows that having clear information can help demystify the installation process, counter concerns and myths, and promote greater confidence in decision-making.

Do I need planning permission for solar panels?

For more information, contact your local planning authority - your local council - for advice about planning permission for solar panels. If you are a leaseholder, you'll also need the permission of the freeholder to install solar panels. Is my home suitable for solar PV panels?

.

Can a solar PV system be installed on a roof?

A solar PV system can be fitted to practically any type of roof structure but as we've previously mentioned it must be physically up to the job, which will be determined by the structural report. Did you know that solar panels need to be able to breathe?

.

Should you buy a solar PV system for your home?

Well-chosen solar panels can provide a reliable source of renewable electricity for decades, helping to slash your electricity bills and cut your carbon footprint. But buying an inappropriate solar PV system for your home could leave you out of pocket.
