

# Winning the bid for 600 million photovoltaic inverters

## BASIC APPLICATION

Storage systems have been proven to be "extremely lucrative" for commercial and industrial (C&I) filed.

## Overview

---

How many GW of PV inverters will CHN energy buy in 2023?

CHN Energy has wrapped up its 10 GW PV inverter tender for 2023, with Huawei securing orders for 4.1 GW of string inverters and Sungrow obtaining 1.85 GW. CHN Energy has announced the results of its 10 GW central purchasing tender for PV inverters for 2023.

Which company has the largest order for string inverters?

Huawei secured the largest order for 4.1 GW of string inverters, while Sungrow obtained orders for 1.85 GW. The Zhuzhou National Engineering Research Centre secured a 1 GW order for centralized inverters, while Goodwe secured an order for 500 MW of string inverters.

Which Chinese companies have canceled plans to build 3 GW solar modules?

The Zhuzhou National Engineering Research Centre secured a 1 GW order for centralized inverters, while Goodwe secured an order for 500 MW of string inverters. Shanxi Coal International Energy Group (SCIEG) has canceled plans to build 3 GW of heterojunction solar module production capacity.

Why did autowell buy Trina Solar?

It attributed the decision to the impact of the pandemic and an inadequate regional supply chain. Autowell said it has signed CNY 210 million (\$29.5 million) of equipment sales contracts with Trina Solar and its wholly owned US subsidiary for scribing and welding machines.
