

Xcel energy community solar gardens

Overview

The garden you've subscribed to will need to complete the interconnection process.

You will receive a Solar*Rewards Community production bill credit on your monthly bill. Your total electric use will be billed as it is billed today, and the production credit.

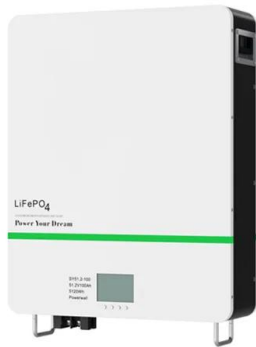

To participate, you'll need to work directly with a solar garden operator. The solar garden you subscribe to will manage your participation and gather the paperwork required for you to participate. We recommend researching multiple gardens in your area. To learn more, please visit our [Working With Third Party](#).

The garden you've subscribed to will need to complete the interconnection process, which can take up to two (2) years: pass all engineering review, complete.

You will receive a Solar*Rewards Community production bill credit on your monthly bill. Your total electric use will be billed as it is billed today, and the production.

Xcel energy community solar gardens

Community Solar Gardens

Many people want to support renewable energy as a way to help the environment. The Minnesota Legislature established an option for customers of Xcel Energy to support community solar, also referred to as "solar gardens" or "solar farms." 445 Minnesota Street

Solar*Rewards , Renewable Energy , Xcel Energy

Solar*Rewards® is your opportunity to have solar for your home or business. It's an incentivized program, so annual payments are made to the owner of the solar system in exchange for Renewable Energy Credits (RECs) for the energy produced by the solar system.
