

# Xcel energy renewable plan

## Overview

---

Xcel Energy on Sept. 18 filed a proposal with the Colorado Public Utilities Commission to double the amount of renewable resources on its system and improve transmission infrastructure to boost reliability around the state. The plan includes investment of up to \$15 billion by 2030, the utility said. Is Xcel Energy a registered trademark of Xcel Energy?

xcelenergy.com | © 2022 Xcel Energy Inc. | Xcel Energy is a registered trademark of Xcel Energy Inc. | 02220N17 2022-2025 RENEWABLE ENERGY STANDARD PLAN We have some of the best wind and solar resources right here in our own backyard. And we are putting them to work for customers.

Will Xcel Energy be a net-zero energy provider in 2021?

HORIZON BOUND SUSTAINABILITY REPORT 2021 Clean Energy on the Horizon Xcel Energy is reducing greenhouse gas emissions and transitioning to clean energy sources today. We are set to achieve aggressive interim goals by 2030, on our way to becoming a net-zero energy provider in the future.

Does Xcel Energy offer EV programs?

Xcel Energy launched a record 14 clean transportation programs in Colorado and Minnesota in 2021, and in early 2022, rolled out a suite of new EV programs for residential and commercial customers in New Mexico. We currently offer EV programs for customers in Wisconsin and continue to explore additional opportunities across all our states. 8.

Does Xcel Energy have a Climate Registry?

- Xcel Energy is a founding member of The Climate Registry, and our annual greenhouse gas reporting is third-party verified going back to 2005, making us the only power company with this length of consecutively verified data.

Does Xcel Energy have a baseline?

Xcel Energy has consistently measured its emissions reduction progress

compared to a 2005 baseline, which is the first year we began measuring and tracking our greenhouse gas emissions. National and international standards commonly use a 2005 baseline as well.

How do I contact Xcel Energy?

Customers who have questions may call the Commission at 303-894-2000, call Xcel Energy at 1-800-895-4999, fax Xcel Energy at 1-800-895-2895, or email to [inquire@xcelenergy.com](mailto:inquire@xcelenergy.com). Anyone who desires may file written comments or objections to the proposed action.
