

You can get a loan if you install photovoltaic panels

Overview

You may be able to get a loan through the Green Deal, but you'll have to pay this back.

You can get a loan of up to £6,000 for a solar PV system, and £5,000 for a solar battery storage system. The repayment period is between 5-10 years, depending on the installation. Can I get funding for a solar PV system?

Funding for solar PV systems is only available if applied as part of a package that includes a heat pump, solar PV, and an energy storage system. You can get a maximum funding amount of up to £6,000 to install solar panels, which includes a grant of £1,250 plus an optional loan of £4,750.

Should you apply for a solar panel grant?

By applying for a solar panel grant, you could receive heavily discounted or even free solar panels, resulting in annual energy bill savings upwards of £1,040. We recently conducted a survey of over 1,540 Independent readers who own solar panels* to understand how they made the most of the solar panel funding available to them.

Can you get a loan for solar panels in Scotland?

However, a loan of up to £5,000 is available for solar thermal panels and hybrid solar PV/water heating. To improve insulation in homes with low energy ratings and combat high energy bills, the Scottish Government has launched a series of grants and loans under Warmer Homes Scotland.

Can I get a grant to install solar panels in Scotland?
